or not is to be established by the production of a certificate by a Patel or Chairman of the Village Panchayet, as is the rule at present for exemption at frontier toll-gates.

(.) At present carts purely engaged on commercial purposes, are all escaping tolls. With the exemptions for motor vehicles under the Regulation, toll revenue would be affected while more funds are required for roads. It is therefore submitted that the exemption might be confined to the class for which it was originally intended, viz., agricultural carts.

) The Revenue Commissioner with whom the rules were discussed yesterday is also of the same opinion.

If approved, the exemptions may be as follows, in place of the existing rule 22 (III),(i):-

At all <u>interior toll-gates</u> other than bridge toll-gates specified under Schedule V of the Road Traffic and Taxes Regulation:-

Bullock carts belonging to agriculturists, when such arts carry manure, agricultural implements, seeds or agricultural produce or when they return unladen.

<u>Note</u>:- The fact of the cart belonging to an agriculturist shall be supported by a certificate

by the Patel or Chairman of the Panchayet of the Village to which the cart belongs.

12) It seems to be better to leave things as they are under present orders for some time. Under these orders some carts not strictly agricultural are also getting exemption. If it is desired to take away this exemption we should have to make elaborate rules. The certificate, for instance which an agriculturist will be required to produce, will be a fruitful source of trouble. As it is the agriculturist is put to trouble by the toll gate keeper only. If a certificate is required his patel may put him to trouble too. Or a patel may give a certificate to a non-agriculturist. The chances of our catching such a case are not many. If the present rules are allowed to work for a year at least we are likely to be in a better position to make alterations that will bring

a better revenue without taking away the concessions enjoyed by the agriculturist class.

No. Bangalore,
21st May 1936.

It is notified for the information of those concerned that, with effect from 1st July 1936, ~~the~~ exemptions from tolls allowed in respect of ~~the~~ bullock carts will be as follows:-

1. At all frontier toll-gates and all toll-gates specified in Schedule V or to be notified under Section 20 of the Mysore Road Traffic and Taxes Regulation, carts belonging to agriculturists living within a distance of 5 miles of the toll-gate ~~are free of tolls~~ when ~~such carts~~ they carry manure, implements, seeds or agricultural produce to and from their fields and when they return unladen. In this case, the person in charge of the cart is to produce a certificate from the Patel or the Chairman of the Village Panchayet of the village at which the cart is kept.

2. ~~At all~~ interior toll-gates i.e., toll-gates other than those referred to in item 1 above, no toll is leviable on bullock carts except when they carry timber, firewood, bamboos, stone and ore. Carts other than those laden with the commodities specified including empty carts are free of tolls, at interior gates and this exemption applies irrespective of the cart belonging to an agriculturist or not or of the distance from the toll-gate of the village in which the cart is kept.

Thus, while the exemption from tolls of bullock carts, in the case of frontier and special ad hoc toll-gates under item(i) is dependent on the cart belonging to an agriculturist within a distance of 5 miles and on the cart carrying agricultural produce etc., to and from the fields or when it returns unladen, the exemption at interior toll-gates under item (ii) applies in all cases, except when the carts carry timber, stones, ore etc., specified in item (ii) and thus become liable to tolls.

CIRCULAR.

Sr No 1456 27/5

No P. 7791-7800—*Legis., Bangalore, dated 22nd May* 1936.

It is notified for the information of those concerned that, with effect from 1st July 1936, exemptions from tolls allowed in respect of bullock carts will be as follows :—

(1) The rules contemplate two different kinds of exemption. These are referred to in Sub-paragraphs (i) and (ii) of paragraph 1 of the Notification No. P. 7768—Legis. 46-35, dated 22nd May 1936. The former refers only to frontier and *ad-hoc* toll-gates and the latter to interior toll-gates. The object of the former is to exempt carts belonging to agriculturists living within a distance of 5 miles of the toll-gate when they are laden with manure, implements, seed or agricultural produce to and from their fields and when they return unladen. In this case the person in charge of the cart is to produce a certificate from the Patel or the Chairman of the Village Panchayet of the village at which the cart is kept.

(2) As regards interior toll-gates, *i.e.*, toll-gates other than those referred to in item 1 above, the existing rule has been modified so as to make quite clear what carts are liable to tolls. No toll is leviable on bullock carts at these gates except when they carry timber, firewood, bamboos, stone and ore. Carts other than those laden with the commodities specified above including empty carts are free of tolls and this exemption applies whether the cart belongs to an agriculturist or not and irrespective of the distance from the toll-gate of the village in which the cart is kept.
